Moto Super Gear

Description Multigrade (SAE 75W90) 100 % synthetic gear box oil with special "extreme pressure" type additives.

Application Lubrication of heavily loaded gear boxes even when submitted to extremely severe circumstances . Also suitable for a great number of shaft drive transmissions. Verify maintenance manual for precise prescriptions.

Specifications meeting and exceeding API GL-5 and API GL-4
viscometrically meeting SAE 75W90

Properties

- betters and eases the gear shifting, particularly at low temperature shortly after engine start-up.
- because of the 100% synthetic composition suitable for "all time" use, this starting from extremely low up to very high ambient and oil bath temperatures.
- prevents excessive wear through the use of very special and well balanced additives combinations
- does not foam

Typical analysis :

- density at 15°C :	0,856
- viscosity at 40°C :	80 cSt
- viscosity at 100°C :	15 cSt
- flash point :	200°C
- pour point :	< -45°C
- colour :	L 2.0
