

## Foodmax Grease Spray

High performance food grade grease in spray cans

### Description

Foodmax Grease Spray is a high performance food grade white grease, sticky and water/steam resistant. Suitable for open gears, slides, conveyors, bearings etc. Also suitable as assembly paste. Temperature range -40 to 180 °C. NSF-H1 for the use in food processing equipment where incidental contact with food may occur.

### Applications

Foodmax Grease Spray can be used for general lubrication, slide ways, chains and high load bearings in the food industry. This product is very suitable for use when a high temperature lubricant is required or when lubricating water valves and taps.

### Typical performance data

Colour	White
Base oil type	PIB
Viscosity @ 40°C, cSt	229,3
Viscosity	98
Dropping point, °C	264
EMCOR corrosion test	0/0
Flow pressure @ -35 °C, mbar	> 2700
